Education

Galvanize

Denver, CO - June 2014 - November 2014

Six-month developer full stack training program that includes Ruby on Rails, Sinatra, Javascript, CSS3, HTML5, Responsive Design, Database, APIs, Version Control, and Test Driven Development (RSpec & Selenium)

Saint Mary's College of Maryland - B.A. Anthropology

May 2010

Code

GoHuntGeo

gohuntgeo.com | github.com/cpbuckingham/GoHuntGeo

A game-based application for users to mark their travel locations within the US. A user's location is found using a geo-location algorithm and is marked on a map and tracked with a point system. The goal of this application is to travel the whole US

Rant.ly

rantly.herokuapp.com | github.com/cpbuckingham/rantly

An application similar to twitter that allows users to post, favorite, follow, and consolidate rants that express a user's opinions

True Story

true-story.herokuapp.com | github.com/cpbuckingham/True-Story

An application that uses Pusher to gather Asynchronous data from people giving feedback anonymously. Perfect for class participation or retrospectives
